"Lady, when the clock strikes midnight, you're history! " To settle an old score, dark and brooding Tripp Calhoun needed a wife for the night. Amber Colton could light up a room in five seconds, and even though her high-society pedigree clashed with his rough-hewn upbringing, she fit the bill perfectly. But what began as a "business trip" soon gave way to an outpouring of pent-up desire and shared dreams. Never before had he let a woman close enough to touch his tormented soul. Would the hardheaded doctor, used to controlling his own destiny, allow his trophy wife to close the deal?
