Rep Weave and Beyond (The Weaver's Studio series) Joanne Tallarovic

Joanne Tallarovic reveals how she modifies traditional Swedish ripsmatta (or Scandinavian rep weave) to create her highly prized handwork. Often associated with rag rugs, rep is a simple weave structure in which the warp almost entirely covers the weft. While Scandinavian rep weave is usually characterized by bold geometric patterns, the author has evolved the tradition by combining blocks in unexpected ways and introducing evocative contemporary colorways. The 29 masterfully designed projects including clothing, table linens, rugs, and wall hangings will lead handweavers to their own explorations and innovations. Designed for beginning to advanced weavers, the projects are accompanied by step-by-step instructions, clear illustrations, and inspiring color photographs.
