Jason Caulfield's life is in danger. After traveling to England, the Australian journalist is targeted for assassination by a clandestine group of high ranking military officers and government officials trying to preserve a conspiracy maintained since 1947. A secret they are prepared to kill for. Jason meets the beautiful Tiffany Carpenter who pleads with him to help restore her father's reputation after he witnessed a UFO over Rendlesham Forest in 1980. Jason's subsequent article on the Rendlesham mystery leads him to US Air Force Colonel Thomas Barton. The disillusioned officer confirms the existence of the craft and the military's cannibalization of them for their technology since Roswell, but seemingly contradicts himself by insisting 'there are no aliens!' The claims are dismissed. However, when Barton is found dead, Jason finds himself framed for the murder and becomes a fugitive. With Tiffany's help, he sets out to find the Janus Memorandum, a document hidden by Barton that promises to uncover the truth behind the mysterious phenomenon. A secret the world may not be ready to accept!
