This work contains the papers of the Tenth Conference on “Antitrust between EU Law and national law”, held in Treviso on May 17 and 18 , 2012 under the patronage of the European Lawyers Union – Union des Avocats Européens (UAE), the Associazione Italiana per la Tutela della Concorrenza - the Italian section of the Ligue Internationale du Droit de la Concurrence (LIDC)-, the Associazione Italiana Giuristi di Impresa (AIGI), the European Company Lawyers Association (ECLA), and the Associazione Antitrust Italiana (AAI).

Some of the papers have been extensively reviewed and updated by the authors prior to publication. Contributions contained in this volume are the result of an in-depth analysis and study of the most salient issues arising from the application of antitrust rules, carried out by experienced and high-ranking professionals, company lawyers, academics and EU/national institutional representatives who attended the Conference.

They deal with extremely topical issues, lying at the heart of current antitrust debate. Some of the most contemporary topics include those relative to the large-scale distribution sector and the control of concentrations at both national and European level. Ample consideration is also given to salient antitrust issues encountered in undertakings’ day-to-day business life, as well as to the future of antitrust in the global economy, also in the light of the new powers recently attributed to the Italian Antitrust Authority to challenge administrative acts.

This volume also includes some precious insights on the assessment and quantification of damages in antitrust infringements, from both an economic and legal perspective, as well as reflections on the role of judges in the application of antitrust law, also following the principles set forth by the European Court of Human Rights in the well-known Menarini case.
