*Dennis Des Chene*

**Physiologia: Natural Philosophy in Late Aristotelian and Cartesian Thought** Dennis Des Chene  
Sixteenth-century Aristotelianism was the culmination of four centuries of commentary and criticism. *Physiologia* is one of the first books to provide an accessible and comprehensive guide to that tradition in natural philosophy. In an incisive and readable treatment, Dennis Des Chene illuminates the continuities and disruptions between medieval and modern philosophy and promotes a new understanding of the philosophical setting in which modern notions of science emerged.
