Mark Blake

Pigs Might Fly: The Inside Story of Pink Floyd Mark Blake

In July 2005 in Hyde Park, Pink Floyd performed together on stage for the first time in 24 years with founder member Roger Waters. Almost a year later, reclusive founder-member Syd Barrett died and then in 2008 the death of keyboard player Rick Wright confirmed there would be no more reunions of one of the world's biggest bands. In this superbly comprehensive and engrossing history of the group, Mark Blake tells how a group of Cambridge school friends went on to conquer the world with classic albums like *Dark Side of the Moon* and *Wish You Were Here*, and put on some of the most spectacular shows of all time. Drawing on over a hundred original interviews, *Pigs Might Fly* follows Pink Floyd all the way from the early psychedelic nights at UFO in the mid-sixties through the acrimonious schism, to the recent appearances of David Gilmour and Nick Mason with Roger Waters at the London date on his *The Wall* tour. Meticulous, exacting and ambitious as any Pink Floyd album, *Pigs Might Fly* has rightly been acclaimed as the definitive book on the band.
