## **Sexy Curves: Plus-Size Boudoir Photography Techniques** Tammy Warnock

“Boudoir” photographs are intimate images created of a woman in a private space. The term “boudoir,” in translation, means “bedroom,” and images created in the boudoir style—whether they are indeed created in a woman’s boudoir or in a makeshift bedroom within the walls of a photographic studio—are strictly feminine. The subjects may be adorned in fine lingerie, or perhaps may be shown in the act of dressing—or undressing. The images are sensual, flirty, and always beautiful. In this book, Tammy Warnock presents a tangible, easy-to-follow recipe for creating va-va-voom images of plus-size clients that celebrate every sexy curve. She introduces readers to 60 real-life subjects and investigates the intricate details of conceptualizing and crafting a sensational plus-size boudoir session. For each session presented for review, readers will learn about the client’s objectives (Why did she book the shoot? What was the mood or feeling or theme she had in mind?). Tammy will share the strategies she used to create rapport with the client, boost her confidence, and ensure a positive, praise- (and referral!) worthy experience. The artistic elements of the shot (backdrops, props, and styling) and corrective posing and lighting strategies are detailed as well, culminating in an inspiring read.
