The Constitution in Crisis: The High Crimes of the Bush Administration and a Blueprint for Impeachment John C. Conyers Jr.

The Republican-led Congress has been notoriously slow to investigate the current Republican administration. For that reason, Representative Conyers of Michigan commissioned his staff to put together the report that became *The Constitution in Crisis*. It chronicles the deceptions, manipulations, and retributions of President George W. Bush and his administration. Did the President mislead the country in order to invade Iraq? Have suspected “evil-doers” been tortured in violation of U.S. and international laws? Has the National Security Agency eaves-dropped on American citizens in violation of wire tapping laws? This report is a must-read for anyone concerned about the direction of our nation!
