## What is Calculus?:From Simple Algebra to Deep Analysis R Michael Range

This unique book provides a new and well-motivated introduction to calculus and analysis, historically significant fundamental areas of mathematics that are widely used in many disciplines. It begins with familiar elementary high school geometry and algebra, and develops important concepts such as tangents and derivatives without using any advanced tools based on limits and infinite processes that dominate the traditional introductions to the subject. This simple algebraic method is a modern version of an idea that goes back to René Descartes and that has been largely forgotten. Moving beyond algebra, the need for new analytic concepts based on completeness, continuity, and limits becomes clearly visible to the reader while investigating exponential functions.

The author carefully develops the necessary foundations while minimizing the use of technical language. He expertly guides the reader to deep fundamental analysis results, including completeness, key differential equations, definite integrals, Taylor series for standard functions, and the Euler identity. This pioneering book takes the sophisticated reader from simple familiar algebra to the heart of analysis. Furthermore, it should be of interest as a source of new ideas and as supplementary reading for high school teachers, and for students and instructors of calculus and analysis.

### **From reader reviews:**

#### **Juan Hinkson:**

Why don't make it to be your habit? Right now, try to ready your time to do the important action, like looking for your favorite e-book and reading a guide. Beside you can solve your short lived problem; you can add your knowledge by the reserve entitled What is Calculus?:From Simple Algebra to Deep Analysis. Try to make book What is Calculus?:From Simple Algebra to Deep Analysis as your good friend. It means that it can to become your friend when you feel alone and beside associated with course make you smarter than in the past. Yeah, it is very fortunated to suit your needs. The book makes you far more confidence because you can know anything by the book. So , we need to make new experience in addition to knowledge with this book.

#### **William Sanders:**

This What is Calculus?:From Simple Algebra to Deep Analysis book is just not ordinary book, you have it then the world is in your hands. The benefit you get by reading this book is definitely information inside this guide incredible fresh, you will get info which is getting deeper you actually read a lot of information you will get. That What is Calculus?:From Simple Algebra to Deep Analysis without we understand teach the one who looking at it become critical in considering and analyzing. Don't end up being worry What is Calculus?:From Simple Algebra to Deep Analysis can bring any time you are and not make your tote space or bookshelves' turn into full because you can have it within your lovely laptop even cellphone. This What is Calculus?:From Simple Algebra to Deep Analysis having great arrangement in word in addition to layout, so you will not sense uninterested in reading.

#### **Kimberly Martin:**

Would you one of the book lovers? If so, do you ever feeling doubt while you are in the book store? Attempt to pick one book that you find out the inside because don't determine book by its protect may doesn't work is difficult job because you are afraid that the inside maybe not because fantastic as in the outside search likes. Maybe you answer may be What is Calculus?:From Simple Algebra to Deep Analysis why because the wonderful cover that make you consider in regards to the content will not disappoint anyone. The inside or content is fantastic as the outside as well as cover. Your reading sixth sense will directly assist you to pick up this book.

#### **Gary Lund:**

This What is Calculus?:From Simple Algebra to Deep Analysis is great book for you because the content which is full of information for you who all always deal with world and also have to make decision every minute. That book reveal it info accurately using great organize word or we can say no rambling sentences inside. So if you are read that hurriedly you can have whole info in it. Doesn't mean it only provides straight forward sentences but hard core information with lovely delivering sentences. Having What is

Calculus?:From Simple Algebra to Deep Analysis in your hand like keeping the world in your arm, information in it is not ridiculous one particular. We can say that no e-book that offer you world in ten or fifteen minute right but this e-book already do that. So , this can be good reading book. Heya Mr. and Mrs. occupied do you still doubt that will?
