Each recipe comprises step-by-step instructions followed by an analysis of what was done in each task and other useful information. The book is designed so that you can read it chapter by chapter, or look at the list of recipes and refer to them in no particular order. It is packed with useful screenshots to make your learning even easier. This book is written for both beginners and developers who have a basic knowledge of Inkscape. With this book illustrators who have just started using Inkscape can quickly dive into the world of Inkscape and graphics editing. Software developers and web designers can learn how to create graphics for their software on their own or build SVG and other web-based interfaces. Users of other graphics editing applications can find out how Inkscape can be used as an alternative to solve common graphics problems.
