Oxford Handbook of Clinical and Healthcare Research (Oxford Medical Handbooks)

Oxford Handbook of Clinical and Healthcare Research (Oxford Medical Handbooks)

The Oxford Handbook of Clinical and Healthcare Research is an evidence-based, succinct, and easy-to-use reference for the full range of clinical and healthcare research topics. Providing a wide breadth of essential knowledge, this comprehensive text takes the researcher through the steps from general good clinical practice in healthcare research to the process and management of research.

This handbook includes clear instructions on the legislative and practical requirements of commissioning, conducting, analysing, and reporting research for those in clinical or healthcare practice, education, or training. Written with Good Clinical Practice (GCP) education in mind, it includes valuable information needed for the accredited certificates and diploma-level benchmark exams now commonly required by employers. This is a definitive text for all clinical and healthcare research students, as well as graduates with an interest in clinical and healthcare research.
