Oh, to be in England (Oberon Modern Plays)

David Pinner

Oh, to be in England (Oberon Modern Plays) David Pinner

Like Pinner's contemporaneous 1973 Stalin play *The Teddy Bears' Picnic*, *Oh, To Be In England* was unproduceable at the time of its writing because of its unapologetic skewering of political extremism in the UK. Unlike *The Teddy Bears' Picnic*, which finally ran in 1990 to press acclaim, *Oh, To Be In England* has remained lost. After thirty-five years, it is now receiving its world premiere after thirty five years.

Frighteningly prescient, and tragically current, *Oh, To Be In England* is a dark comedy examining what it means to live in an ex-empire in economic free-fall, and the political and personal extremism that results when all other belief is lost. A middle-aged Englishman, bred to believe in his innate superiority as a birthright of class, race, and gender, loses his job in the City. Left floundering impotently in a world that is no longer cricket, his family, security, and sanity follow close behind.
