Primal Tears Kelpie Wilson

A cross between a human and a bonobo? Carl Sagan and others have speculated: Is it possible? What kind of creature would it be? And how might this affect our world? Kelpie Wilson takes the premise and runs with it in this engaging novel. *Primal Tears* is the story of Sage, born to a young woman who has volunteered to be a surrogate mother for an endangered species of chimpanzee. The process goes awry, and Sage, a lovable youngster, is neither completely one species nor the other. When her existence becomes public knowledge, she needs all the best characteristics of both species to find a place for herself in our human-dominated world.
