Brain Jack

Brian Falkner

Brain Jack Brian Falkner

Another terrifying sci-fi page-turner from the author of *The Tomorrow Code*!

Las Vegas is gone—destroyed in a terrorist attack. Black Hawk helicopters patrol the skies over New York City. And immersive online gaming is the most dangerous street drug around. In this dystopic near-future, technology has leapt forward once again, and neuro-headsets have replaced computer keyboards. Just slip on a headset, and it's the Internet at the speed of thought.

For teen hacker Sam Wilson, a headset is a must. But as he becomes familiar with the new technology, he has a terrifying realization. If anything on his computer is vulnerable to a hack, what happens when his mind is linked to the system? Could consciousness itself be hijacked? Before he realizes what's happened, Sam's incursion against the world's largest telecommunications company leads him to the heart of the nation's cyberdefense network and brings him face to face with a terrifying and unforeseen threat.

Brian Falkner, author of *The Tomorrow Code*, has created an action-packed and thought-provoking science fiction adventure in which a brilliant young computer hacker fights to prevent the human race from being deleted.

Fans of Cory Doctorow's *Little Brother* and M. T. Anderson's *Feed* will love this high-octane techno thriller.

From the Hardcover edition.

From reader reviews:

Willene Choate:

In this 21st century, people become competitive in each and every way. By being competitive at this point, people have to do something to make these people survive, being in the middle of often the crowded place and notice through surrounding. One thing that occasionally many people have underestimated it for a while is reading. That's why, by reading a publication your ability to survive enhance then having chance to stand up than other is high. For you personally who want to start reading some sort of book, we give you this kind of Brain Jack book as basic and daily reading e-book. Why, because this book is usually more than just a book.

Keith Taylor:

The experience that you get from Brain Jack could be the more deep you rooting the information that hide inside the words the more you get enthusiastic about reading it. It doesn't mean that this book is hard to recognise but Brain Jack giving you joy feeling of reading. The article writer conveys their point in certain way that can be understood by anyone who read the item because the author of this book is well-known enough. This book also makes your current vocabulary increase well. It is therefore easy to understand then can go with you, both in printed or e-book style are available. We suggest you for having that Brain Jack instantly.

Gregg Spencer:

The reason? Because this Brain Jack is an unordinary book that the inside of the reserve waiting for you to snap the idea but latter it will zap you with the secret that inside. Reading this book alongside it was fantastic author who have write the book in such amazing way makes the content interior easier to understand, entertaining technique but still convey the meaning thoroughly. So , it is good for you because of not hesitating having this nowadays or you going to regret it. This book will give you a lot of positive aspects than the other book get such as help improving your talent and your critical thinking technique. So , still want to delay having that book? If I ended up you I will go to the book store hurriedly.

Stacey Ryan:

This Brain Jack is great e-book for you because the content and that is full of information for you who else always deal with world and possess to make decision every minute. This specific book reveal it data accurately using great plan word or we can point out no rambling sentences within it. So if you are read this hurriedly you can have whole details in it. Doesn't mean it only provides straight forward sentences but hard core information with splendid delivering sentences. Having Brain Jack in your hand like finding the world in your arm, information in it is not ridiculous one. We can say that no e-book that offer you world throughout ten or fifteen small right but this reserve already do that. So , it is good reading book. Hi Mr. and Mrs. busy do you still doubt this?
