Written specifically for anyone preparing to recertify for the Neurology Boards, or even those taking the exam for the first time, this comprehensive board review guide is everything needed in an easy to read, and beautifully presented, text. With extensive neuroimaging, illustrations, and neuropathology included, this book eliminates the need for obtaining multiple resources to study for the neurology board examination with high-yield information emphasized to highlight key facts. The book is divided into the basic sciences in Part 1 and clinical neurology in Part 2.

It features short, easy-to-read chapters to help the busy resident, fellow, and clinician "on the run." In addition to those people preparing to take, or recertify for, the neurology boards, it will also be useful to medical students and residents rotating through neurology or for the generalist with an interest in reviewing neurology.
