Women and Health

Women and Health

Women and Health is a comprehensive reference which addresses health issues affecting women of all ages--adolescence through maturity. It goes far beyond other books on this topic which concentrate only on reproductive health, and has a truly international perspective. It covers key issues ranging from osteoporosis to breast cancer and other cancers, domestic violence, sexually transmitted diseases, occupational hazards, eating disorders, heart disease and other chronic illnesses, substance abuse, and societal and behavioral influences on health.

Women and Health covers not only those conditions that are unique to or occur more frequently in women, but also those that present differently or are treated differently in women.

Key Features:

- * Comprehensive, in-depth review of all aspects of women's health
- * Highlights key women's health issues including osteoporosis, domestic violence, breast cancer, menopause, infertility, heart disease, and many others
- * Addresses international women's health issues from a human rights and cultural perspective
- * Presents the latest research and clinical findings from leaders in their respective fields
- * Highlights controversies in treatment modalities
- * Challenges the medical community to address the impact of gender on health
- * Expands our thinking about the perceptions of disease and disorders in women
- * Challenges current status quo in health care delivery

From reader reviews:

Charles Stephens:

Do you have favorite book? Should you have, what is your favorite's book? Publication is very important thing for us to know everything in the world. Each e-book has different aim or goal; it means that reserve has different type. Some people experience enjoy to spend their a chance to read a book. They are really reading whatever they consider because their hobby is actually reading a book. Consider the person who don't like reading a book? Sometime, particular person feel need book once they found difficult problem or exercise. Well, probably you will need this Women and Health.

Larry Brackett:

The book Women and Health can give more knowledge and information about everything you want. So just why must we leave a good thing like a book Women and Health? Several of you have a different opinion about book. But one aim in which book can give many details for us. It is absolutely right. Right now, try to closer using your book. Knowledge or details that you take for that, you could give for each other; you can share all of these. Book Women and Health has simple shape however you know: it has great and large function for you. You can seem the enormous world by start and read a e-book. So it is very wonderful.

Thomas Manna:

Playing with family in the park, coming to see the ocean world or hanging out with good friends is thing that usually you will have done when you have spare time, then why you don't try issue that really opposite from that. One activity that make you not feeling tired but still relaxing, trilling like on roller coaster you are ride on and with addition info. Even you love Women and Health, you could enjoy both. It is very good combination right, you still want to miss it? What kind of hang type is it? Oh seriously its mind hangout men. What? Still don't understand it, oh come on its identified as reading friends.

Lillian Trimmer:

It is possible to spend your free time to study this book this e-book. This Women and Health is simple to deliver you can read it in the recreation area, in the beach, train along with soon. If you did not have much space to bring the printed book, you can buy typically the e-book. It is make you better to read it. You can save the particular book in your smart phone. And so there are a lot of benefits that you will get when you buy this book.
