First Revision Edition - May 2016 Ghosts, in all their forms, are no respecter of time, place or person. They will appear as orbs in their weaker form, as shadows, as wispy white ectoplasm, transparent figures or as solid-looking people, just to name a few. They like to mimic sounds and voices, appear as reflections in windows and mirrors, and they even like to snatch things, leave gifts, throw things across the room and sometimes tap us on the shoulder. You will read about each of these and more in this book. Included in this collection are 19 full color photographs, which include photographs with orbs, a phantom flame, shadow persons crashing the pictures, a flying ghost and something that I have come to call "dancing lights" in an ancient pueblo in southern Colorado. * * * * "It was no surprise....really, no big deal, to see someone else on the trail, but what was strange, or unusual, is that when he saw me looking at him, he quickly stepped behind a lodge pole pine tree, as if to hide from me, and, then, he was gone, completely gone."
