Peter Kreeft, Ralph McInerny, Marie George, John Haas, Russell Hittinger, Ronald McArthur The wisdom of St. Thomas comes out of his philosophy and theology of the real - one that connects the mind with the reality we ordinarily experience in our daily life. That wisdom, which he brought to a singular perfection, is his patrimony, a patrimony that the Magisterium of the Church has proposed over and over again as the surest guide if we are to be true to the Faith. Six distinguished Thomistic philosophers present their reflections on the unique insights of St. Thomas on philosophy and life, faith and reason, nature and grace, moral relativism, the rule of law, and the formation of the Catholic mind. You will come to a much greater understanding and appreciation of the wisdom of the Angelic Doctor from the insights of Peter Kreeft, Ralph McInerny, Marie George, John Haas, Russell Hittinger and Ronald McArthur.
