## **SAP Business ONE Implementation** Wolfgang Niefert

With clear instructions and plenty of screenshots, this book will provide you all the support and guidance you need to implement SAP Business One in your business. We will work with a project plan in each chapter and implement new techniques in the related case study. Alongside this hands-on approach tips and tricks are provided that you can use for your own project. This book is written for technically savvy business owners, entrepreneurs, and departmental managers. If you are a departmental sales manager you can benefit from the advanced sales stages and workflow concept in this book. The seasoned inventory and warehouse manager can immediately utilize the inventory optimization and warehouse management concepts. Your web technicians will benefit from the e-commerce information and understand how your web strategy can be aligned with SAP B1. As a business owner your key players from sales to fulfillment gain back control and you can grow your business to the next level using modern franchising concepts. If you have SQL skills you can leverage your knowledge, connecting with SAP tools and features that are built on queries. No previous experience with SAP or ERP is assumed.
