As in real life, Marshal and the other heroes don't have a clue as to what the villain is up to and spends the better part of the book jumping out of the frying pan and into the fire. Some of the alien criminals being held in cryo by the Air Force escape with the aid of their old nemesis Rocket girl who has returned to complicate their lives. The alien master mind hatches a plot to overthrow the government and take over Florida. Heads roll as the aliens unleash strange new alien devices and germ warfare upon the people of Earth. Can Marshal and the other heroes save the planet? I can tell you, not everyone makes it. You'll just have to read the book for all the gruesome sometimes erotic details.
