The Pastures of Heaven (Twentieth-Century Classics) John Steinbeck

In Nobel Prize winner John Steinbeck's beautifully rendered depictions of small yet fateful moments that transform ordinary lives, these twelve early stories introduce both the subject and style of artistic expression that recur in the most important works of his career. Each of these self-contained stories is linked to the others by the presence of the Munroes, a family whose misguided behavior and lack of sensitivity precipitate disasters and tragedies. As the individual dramas unfold, Steinbeck reveals the self-deceptions, intellectual limitations, and emotional vulnerabilities that shape the characters' reactions and gradually erode the harmony and dreams that once formed the foundation of the community. This edition includes an introduction and notes by James Nagel.
