The Seventh Edition of this classic casebook brings it thoroughly up to date (as of December 31, 2014) and includes numerous revisions to enhance its teachability. The book's depth of coverage and intellectual rigor remain unrivaled. In addition, each chapter has been carefully revised with an eye to making the material more accessible to students. A number of new introductory and explanatory notes help to frame the key issues raised by the materials. Moreover, the editors' judicious revision and trimming of older material will permit assignments of manageable length, without sacrificing the scholarly comprehensiveness that has always been the Hart & Wechsler hallmark.

“This newest iteration is, for reasons I elaborate upon below, worthy of its own adoration?and should hopefully entice scholars who have long sought other teaching materials to return to the gold standard.”
