WIND RIVER VALLEY

First in a new series by the author of *Night Hawk* and *Out Rider*

Still waters run deep . . .

From the moment Roan Taggart picked up the pretty redhead at the Jackson Hole airport, his training and experience told him she was spooked. She's left New York City to visit the Wind River Ranch, where Roan is a wrangler, and just as he can pick up a horse's mood, he can feel the tension coming off her body. And that vulnerability is triggering all his protective instincts...

Shiloh Gallagher likes the gray-eyed cowboy's dry humor—and the Special Forces background that lends him a stoic, powerful presence. But she's been scarred by trauma and her mother's murder . . . and knows a strong man can be dangerous. She came to wide-open Wyoming to flee a threat that's left her unable to write her novels. Now, as she rides horses with Roan and helps him build an isolated cabin, she's slowly letting down her guard. But danger has followed her west, and they won't have a future together unless they defeat a killer from her past...
