## **Days with My Father** Phillip Toledano

*Days With My Father* is a son's photo journal of his aging father's last years. Following the death of his mother, photographer Phillip Toledano was shocked to learn of the extent of his father's severe memory loss. He started a blog on which he posted photographs and accompanying reflections on his father's changing state. Through sometimes sad, often funny, and always loving observations, we follow Toledano as he learns to reconcile the elderly man living in a twilight of half memories with the ambitious and handsome young man he occasionally still glimpses. *Days With My Father* is an honest and moving reflection about coming to terms with an aging parent.
