It's sometimes called a hidden epidemic: One in ten Americans--more than twenty million people, most of them women--has a thyroid disorder. At any given time, millions of people have an undiagnosed thyroid disorder and experience a chronic mental anguish that almost certainly arises from the very same source. Yet many primary-care doctors still don't recognize the importance of the thyroid in mind-body health--and its especially crucial role in women's well-being.

The Thyroid Solution is a must-read for anyone who suffers from a thyroid condition. It's the first mind-body approach to identifying and curing thyroid imbalances. Written by a medical pioneer and leading authority in the field of thyroid research, this groundbreaking book offers Dr. Ridha Arem's practical program for maintaining thyroid health through diet, exercise, and stress control--and through his revolutionary medical plan, which combines two types of hormone treatments with astounding results. - What tests to ask your doctor to give you--and what they mean
- The vital connection between stress and thyroid imbalance
