## **3D Printing Projects. 20 design projects for your 3D printer** Kevin Koekkoek

"3D Printing Projects" has been written for people with basic 3D modeling experience who are now ready to create their own 3D printing designs. This book will give you tips, advice and inspiration, followed by 20 3D design projects to 3D model and print. Each project has a short introduction, followed by a 2D technical drawing with the main dimensions, as well as some screenshots to guide you through the 3D modeling process. The projects include a lamp shade, a chess set, a ring and other functional and decorative objects. Have fun modeling and printing these 20 designs, or let them be an inspiration to create your own designs with your own 3D printer! Kevin Koekkoek has a background in fine wood working and architectural model making. He now collaborates with designers and artists to transform their sketches into 3D prints.
