## **More Bullies in More Books** C.J. Bott

Following on the success of her first book *The Bully in the Book and in the Classroom*, C. J. Bott has written this sequel to help those who work with children and young adults become familiar with books that address the problem of bullying. *More Bullies in More Books* presents over 350 annotated titles, from picture books to high school books, dealing with bullying. Chapters address specific bullying behaviors or problems: name calling, putdowns, and gossip; being new and different; body image; cliques, groups, and gangs; "isms;" homophobia; cyberspace; and violence.

Each chapter begins with an introduction that describes the harassment seen most often in each grade level and contains relevant books at all reading levels. Every entry features an in-depth summary, activities, and quotes from the book for students to discuss. An important resource about a real and harmful problem, this book will be of interest to teachers, librarians, counselors, administrators, and parents.
